Dear Allan,

Your recent resolution of the issue with our international supplier/partners was most useful. We particularly liked your collaborative approach which will expand our business not only in the GCC but across the entire MENA region.

I had heard that some of our executives refer to you as "the magician."
A moniker you gained working in our group over these past years but did not have the opportunity to see first-hand what they meant until now.

Also thanks for finding us OEM suppliers for the fire resistant yarns we needed in both China and Taiwan. Your ability to find both DuPont brand and equivalent materials has proved to be most useful.

We will return to you for your expertise I am sure at some point in the near future.

Kind regards,
